Preamble

Further to Policy Directive 01 of 2020, we are aware that clarifications are required to the payer and provider community. This policy directive has been issued in consultation with the DHA Health Regulation Sector, aims to clarify that the treating physician should practice due diligence. An elective Surgery is defined as planned, non-emergency surgical procedure performed that improve the quality of life physically and /or psychologically.

Any elective surgeries not listed below, may be allowed to continue only as per medical urgency and necessity, at the sole discretion and assessment of the treating physician and clinical situation of the patient or if it is emergency.

Below are examples of elective surgeries and procedures that can be allowed during the stipulated period:

- Oncology cases and suspected malignancy diagnostic procedures for all the specialties.
- Neurosurgery procedures.
- Orthopedic procedures: fractures, Correction procedures.
- Cardiology procedures.
- Interventional radiology procedures.
- Obstetrics & Gynecology: IVF, Elective Cesarean Section, Dilatation and Curettage (D&C), Endometrial Ablation, Colporrhaphy.
- Urology: Ureteroscopy Intervention for stone fragmentation, Internal Urethrotomy, Cystoscopy, Removal of stent & Catheterization.

- General Surgery: Drainage of Abscesses, Colorectal procedures, wound debridement procedures.
- Ophthalmology procedures: Chalazion and cyst removal, glaucoma, retinal procedures.
- Pediatric and neonatology procedures

For any other elective Surgeries not listed above, a written approval from the Health Regulation Sector is required by email amalameri@dha.gov.ae. Should a payer receive written approval from Health Regulation Sector along with an approval request it must be approved as per policy benefits, terms and conditions.

For any questions related to Insurance coverage or insurance billing can be directed to SAHD@dha.gov.ae
