## If You Are in an Accident

### Safety First

Stay calm, remain polite and never flee the scene.

Check for injuries. If anyone requires emergency assistance, call 999 to ask for an ambulance.

Do not move a victim unless the situation is so dangerous that this is the only choice. If so, do it carefully and gently because of the risk of spinal injury or increased bleeding.

### Move Your Car

If possible, move your car to a safe place, out of traffic.

If possible, take pictures of the scene prior to moving the car.

Display warning triangles, to help alert other motorists.

### Contact the Police Call 999

Call the Police on 999, even if the accident is minor. The traffic Police will arrive, will evaluate the crash and will fill out an accident form. If no one was injured, the police may send the SAAED service instead. A police or SAAED report is required by law to process your claim. Show them pictures of the original scene if you have moved the car.

### If Your Car Needs Towing

If your vehicle needs to be towed, call OIC Assist on 8000 357 70000 or via the 'AssistPal' App and we will arrange to have a tow truck come to your location.

The workshop staff will look at your car's damages and create a Repair Estimate. It usually takes them between 1 to 4 days to prepare it.

If the cost of repairs are within the agreed minimum cost, the repairs will commence immediately. If the repairs are over the stipulated minimum cost it will be sent to us for the next step.

## Excess Cost Survey Authorization

Once we receive the Repair Estimate that is in excess of the agreed minimum cost with our Key Partner Garage, we will survey your car and provide the Repair Authorization within 1 day for minor damage and within 2 days for major ones.

If the repair assessment is more than 50% of vehicle value, the claim is considered as a Total Loss.

If you were 'not at fault', and the damages are significant, we will need to request the authorization from the third party insurer before giving the repair authorization. It might take them up to 5 days to provide the confirmation.

(continued on next page)

## Repair Your Car

### Car Repairs

Once we give the authorization, the repair will begin

The workshop team will inform you about the time it should take to repair your car.

The duration is usually impacted by the severity of damage and the availability of spare parts.

It can take 6 to 8 weeks for some spare parts to come from Europe or Asia if not available locally.

Most of the repairs are done within 2 weeks.

### Drive Again

You will receive a call from the workshop when your car is ready.

Pay the Policy Excess where applicable. Sign the discharge receipt.

Collect the Job Card if you have the Courtesy Car (Cash Benefit) cover under your policy.

Enjoy your car again.

### Feedback

If we have your email ID, we will send you a simple online questionnaire to know what you think of the service you have received.

Your feedback will help us improve to better serve you in the future.

#### For OIC Third Party Policyholder

In case you have an accident and are deemed **Not At Fault** by the police authority, you will need to directly contact the insurer of the motorist who was **At Fault** and register your right of getting any damage to your vehicle repaired by that insurer.

## Total Loss

If the repair assessment for your car is more than 50% of vehicle value, the claim is considered as a total loss. In this case we will compensate you instead of repairing your car.

### Estimation

We will use the vehicle value you declared as a basis of calculation and apply the following depreciation according to when the accident took place during the policy year:

Period	Depreciation
1st to 3rd month	- 5%
4th to 6th month	- 10%
7th to 9th month	- 15%
10th to 12th month	- 20%
13th month	- 25%

Once our assessor surveys your car, we will send you an Offer Letter within 5 working days. In case you are not at fault and a Third Party Insurance company needs to be contacted by us, the turnaround time will be longer.

### Documentation

You will need to:

- Sign & return the Offer Letter to us
- Produce the mortgage liability certificate (if mortgaged)
- Transfer vehicle ownership to Oman Insurance Company and provide us the possession certificate 'Heyaza'.
- Fill the Direct Transfer Form to be able to wire the money directly to your bank account
